Re: Marketing of Telecommunications Services Packages

Dear Mr. Dixon:

Thank you for meeting with representatives of SBC Communications and Pacific Bell on February 22, 1999 in connection with SBC's proposed merger with Ameritech Corporation. During that meeting, you requested additional information about the packaging and marketing of telecommunications services offered by Pacific Bell and other large local exchange carriers (LECs).

Pursuant to tariffs that have been approved by the California Public Utility Commission (see Attachment 1), Pacific Bell offers five "Saver Packs" product offerings that can consist of custom calling features, Caller ID and a calling card:

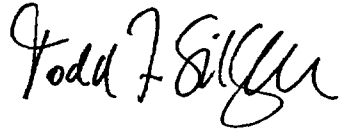

- **"The Classic":** 2 Custom Calling Features and Calling Card
- **"The Caller ID":** 2 Custom Calling Features, Caller ID and Calling Card
- **"The Essentials":** 3 to 9 Custom Calling Features and Calling Card
- **"The Basics":** 3 to 8 Custom Calling Features, Caller ID and Calling Card
- **"The Works":** 9 Custom Calling Features, Caller ID and Calling Card

These service packages are similar to packages offered by other LECs. (An exception is that some carriers include a telephone line in their package offering. Pacific Bell does not include a telephone line in its service packages.) Attachment 2 provides a sampling of the service package offerings of other LECs.

Kyle D. Dixon, Esq.
Page 2

Again, thank you for meeting with us and, should you have any additional questions, don't hesitate to give me a call at (202) 326-8888.

Very truly yours,

A handwritten signature in black ink, reading "Todd F. Silbergeld". The signature is written in a cursive, flowing style with a large initial "T" and "S".

| | | | | (D) | (D) | |

NOTE 1: Refer to Schedule Cal.P.U.C. No. A3.1 for Service Charge application.

NOTE 2: The discount rate is applied only when all of the components of the Saver Pack are in place at the time of billing. The Saver Pack discount will be prorated for the time period between the order complete date and the customers' bill round date.

Saver Pack discounts will not be prorated if the customer cancels the service prior to their bill round date. However, the customer will receive a prorated credit for each discontinued feature based on the full tariff rate.

NOTE 5: See E.1. preceding.

NOTE 6: Busy Call Forwarding (BCF) and Delayed Call Forwarding (DCF) are no longer included as qualifying features for the Saver Packs. However, customers who qualify for a Saver Pack may subscribe to BCF and DCF at the monthly rate of \$2.00 per feature.

Calling Services

Packages

Deciding which telephone services are right for you can sometimes be an involved and complicated experience. That is why Ameritech has put together a variety of packages with services designed to help you better manage your time and priorities.

Home Services
All of the communication tools you need in one simple package.

Call Management
Get control over every call.

In Touch
Helps you stay close with family and friends.

Home Service Packages

With the Ameritech Home Service Package, you can save time, effort and money in getting the phone services that are right for you. This one package includes the monthly cost of your phone line as well as all of the calling features you need at a special package price.

Additionally, when you order a Home Service Package, we'll set-up all of the services on your line at no charge. We'll also give you LINE-BACKER® service for free. LINE-BACKER® is a service that protects you from unexpected telephone wire repair charges.

Basic Value

The basics you need on your home phone, all at a special package price.

- Monthly phone line charge
- Call Waiting
- 3-Way Calling
- *69 ID
- Call Forwarding
- Repeat Dialing
- Free LINE-BACKER®

[top]

Value Plus

The Value Plus Package will help you better manage

your calls with the addition of Caller ID.

- Monthly phone line charge
- Call Waiting
- Caller ID with Name
- 3-Way Calling
- *69 ID
- Call Forwarding
- Repeat Dialing
- Free LINE-BACKER®

Best Value

The Best Value Pack adds Voice Mail to the mix to make sure you don't miss your calls.

- Monthly phone line charge
- Call Waiting
- Caller ID with Name
- Voice Mail Plus
- 3-Way Calling
- *69 ID
- Call Forwarding
- Repeat Dialing
- Free LINE-BACKER®

Call to Order Today 1-888-635-5050

Legal Notice

[\[top\]](#)

Call Management Package

We've brought together three special services that work together to ensure you won't miss your calls. Just as Caller ID shows you who's calling, a Wait&See compatible display unit will show you who your second call is. You can then decide if you want to take the call or let it go into Voice Mail - a luxury an answering machine can't provide!

- Caller ID with Name
- Call Waiting
- Voice Mail Box

Value Pack

The Ultimate Communications Package

Need to make dinner plans with two friends at once? Use Three Way Calling. With Voice Dialing you can call mom just by saying her name. Not sure you want to take a call right now? See who's calling before you pick up the phone.

The most versatile and valuable service package we offer, ValuePack, lets you choose up to eleven of our most popular services for **one great flat rate**. You can manage your incoming and outgoing calls by selecting the features that fit your needs now, and modify your selection as your needs change. ValuePack lets you get the most out of your telephone services by giving you choice, flexibility and the ability to better manage your calls.

To get ValuePack you must have Bell Atlantic as your regional toll provider.

Value Pack Services

The following services are included within ValuePack, please see the individual service for product details: Caller ID, Call Waiting ID, Call Manager. Plus Three Way Calling, Call Forwarding, Ultra Forward Call Waiting, Speed Dialing *69, Repeat Dialing (*66), Voice Dialing and Distinctive Ring.

A Caller ID box is required and may be purchased at a local retailer of your choice.

Pricing and Ordering:

The monthly rate for ValuePack is \$15.99.

Order ValuePack now online or by calling your local business office.

Save Like Wild when you order now:

Sign up for ValuePack (more than 10 services for one flat monthly rate) and you'll pay no service fee the first month. You also get to choose one of 3 special offers: a free Call Waiting ID box, a \$25 calling certificate towards your phone bill, or a special discounted price - \$34.99 - on a multi-feature telephone set that lets you access ValuePack services at the push of a button. And with ValuePack, you'll save over \$26 each month versus the cost of each service ordered separately.

If you want Home Voice Mail (not part of ValuePack), you'll pay no service fee the first month and get a free connection, a total savings of over \$26 dollars.

Offer ends 4/3/99.

Additional Information:

ValuePack comes with the Bell Atlantic 60-Day Customer Satisfaction Guarantee. If you are not satisfied for any reason, you may call your Bell Atlantic Business Office within 60 days of service activation to disconnect the service and receive a full credit of the monthly service charge for ValuePack on your phone bill.

Calling Services from GTE

Maximize The Value Of Your Phone Line: Optional services can help you **save steps** and **save time** in using your phone, and are easily added to your phone line. GTE Calling Services help you get through to important people, and help the people you care about most get through to you.

Now You Can Get The Services You Want ... At Great Savings: Customize your package of four or more GTE Calling Services and receive a **20% to 40% discount** on each service - every month. GTE Calling Services you already have count toward your discount. This discount is available to residential customers in most states who have four or more individual qualifying GTE Calling Services on a single bill.

- ***66 Busy Redial:** Don't waste your time dialing the same number over and over. ***66** will monitor busy phone numbers for up to 30 minutes, alert you with a special ring when the line is free, and **automatically connect you** with the desired party. This feature is available for 75 cents-per-use in some areas, or for a low monthly charge.
- ***69 Call Return:** Never miss a call! If you don't get to a ringing phone in time, ***69** dials the number of the last call received. Or, if you're on an important call and hear a Call Waiting tone, just press ***69** when you hang up, and you'll **automatically call** whoever was trying to reach you. This feature is available for 75 cents-per-use in some areas, or for a low monthly charge.
- **Call Forwarding:** Have your calls follow you wherever you go. Call Forwarding **forwards all your incoming calls** to another telephone number you specify so you can leave home and still be reached. Press **72#** and enter the phone number where you want your calls forwarded. Two short tones will verify Call Forwarding is activated. Press **73#** to turn it off.
- **Special Call Forwarding:** Lets you **forward only the calls you want to receive** so you won't be bothered by unimportant calls when you're away from home or on your mobile phone. Up to 12 calls can be forwarded. Press ***63** and follow the voice prompts.

- **Call Waiting:** Don't let your phone's busy signal prevent an important call from getting through to you. With Call Waiting, you can answer an incoming call when you're on the phone. **It's like having the convenience of two phone lines.** A soft tone alerts you of another incoming call when you're on the line so you can alternate between callers, if you choose. When you hear the Call Waiting tone, press and release the telephone hookswitch or Flash button to answer the incoming call. Press and release the hookswitch or Flash button again to return to the original call.
- **Cancel Call Waiting:** Use this service on those important personal calls, or **when you're sending a FAX or a data file online**, when you don't want the call to be interrupted by a Call Waiting tone. Cancel Call Waiting lets you turn off the Call Waiting feature. Press **[*] [7] [0]** before you make the call, listen for three tones followed by a normal dial tone, then dial the phone number you are calling.
- **Speed Calling 8 & Speed Calling 30:** Call your loved ones with the touch of a button and have emergency numbers at your fingertips. These two services store either 8 or 30 of your most important numbers, and once you've programmed one phone, **it will work from any phone in the house.** To program Speed Calling 8, press **[7] [4] [#]**, enter the one-digit code you want to assign, and key-in the telephone number you want the code to represent. To program Speed Calling 30, press **[7] [5] [#]**, enter the two-digit code you want to assign using numbers 20 through 49, and key in the telephone number you want the code to represent. To call a Speed Calling number, simply enter the assigned code and press **[#]**.
- **Three-Way Calling:** At last, an easy way to coordinate plans without making endless calls back and forth. Three-Way Calling **lets you bring a third party on to a call.** To set up a three-way call, press and release the hookswitch or Flash button to put the first caller on hold, listen for three tones followed by a dial tone and call the third telephone number. To reconnect with the original caller when the third person answers, simply press and release the hookswitch.
- **Call Block: Prevents unwanted calls** or interruptions. Lets you select up to 12 phone numbers to be blocked from reaching you. Callers from these numbers will hear a recorded announcement stating that you are not currently accepting calls. Press **[*] [6] [0]** and follow the voice prompts.
- **Special Call Acceptance:** For those special moments and quiet times, make your phone list exclusive to 12 callers you choose. Other callers receive a polite announcement that says you are not presently receiving calls. Press **[*] [6] [4]** and follow the voice prompts.
- **Distinctive Ring:** Less costly than a second line, Distinctive Ring gives you **two different numbers on your single phone**

line. You can use one number for yourself and assign the second number to another family member or for your FAX machine. A special ring will let you know which number has been dialed, so you'll know instantly if the call is for you, someone else or for your FAX.

- **VIP Alert:** Lets you know when a very important person is calling. Identifies up to 12 callers with a special ring. Press **★** **6** **1** and follow the voice prompts.
- **Call Tracing Service:** Lets you trace harassing, threatening or obscene phone calls anytime, day or night. The call record is stored in GTE's system for ten days. Press **★** **5** **7**. To take legal action, record the exact date and time of the call and contact GTE within 10 days at the number provided by the recording.

One Source For All Your Telecommunications Needs: If you have GTE as your local phone service provider and you order Calling Services from GTE, you can have these services on one bill. In fact, if you sign up for any other GTE service such as Long Distance, Internet access, Wireless phone service or paging, you can now get all these charges on **GTE One BillSM Service** (check for availability in your area).
